

Mindless – Mindless

Strophe 1:

When I have fun, with my friends
People think we are strange
But having fun, is easier
And it's not out of range
They look at me, like I am dumb
But I have to say
Let me be, like I wanna be
and get out of my way

Chorus:

I'm mindless, but that's ok. Everything is fun
I'm happy, so I say, why not acting dumb
I'm mindless, that's how it should be, fooling just around
I'm laughing all day long, listen to our mindless sound

Strophe 2:

I sit here, in our room
Wanna write a song
Drink a beer, practise hard
An that all day long
Wanna write a text, don't know what about
I think I'll give it up
I text a text, the text for the next
but the text it sucks

Bridge (ohne Gitarre):

The People don't understand me
They don't laugh at my gags

Strophe 3:

Now it's time, to end this song
This song has now to stop
A few more chords, and some textlines
And all ends with a dot

Chorus:

I'm mindless, but that's ok. Everything is fun
I'm happy, so I say, why not acting dumb
I'm mindless, that's how it should be, fooling just around
I'm laughing all day long, listen to our mindless sound
